When a plan review requires specialized professional consulting services, including legal or technical review, the applicant shall reimburse the Fire District for all actual costs incurred. The Fire District may require a deposit, in an amount determined by the Fire District, to recover the estimated cost of such services. The applicant shall be responsible for all actual costs that exceed the deposit.

A separate permit is required for each permit type. Fees and deposits shall be paid in full at the time of application in accordance with the Sonoma County Fire District Fee Schedule. Plan review and inspections will not begin until all required fees or deposits have been received. Additional fees may be assessed if actual review or inspection time exceeds the initial deposit. The applicant is responsible for obtaining any required permits or approvals from the City of Cotati or the Town of Windsor.

Applicant Declaration

I certify that the information provided in this application is true and correct. I agree to comply with all applicable federal, state, and local laws, regulations, ordinances, and Fire District requirements.

I agree to defend, indemnify, and hold harmless the Sonoma County Fire District, its officers, employees, and agents from any claims, actions, damages, liabilities, or expenses, including reasonable attorney's fees, arising out of or related to the issuance of this permit or the work performed under it, except to the extent caused by the sole negligence or willful misconduct of the Fire District.

I understand that all work shall conform to the approved plans and permit conditions. Issuance of this permit does not authorize any violation of applicable laws, codes, ordinances, or regulations, nor does it waive any enforcement authority of the Fire District.
